REINHOLD A. ELLIOTT, Secretary

(Compiled)

MAY 1886

## Directory

This is the third directory of this class, one having been published in 1899 by Dwight B. Cheever and one in 1904 by Henry E. Nothomb.

The compiler of this directory was appointed Class Secretary by the Class Officers Council of the Alumni Association in 1929 at the suggestion of members of the class, but without the knowledge of the appointee.

For the past two years much effort has been used to gather the necessary information and make the directory as complete as possible and correct as to its facts, but no one can be more conscious of its defects than the compiler. We have sought to make it something more than a mere list of names and addresses and to make it answer the first few simple questions classmates naturally ask about each other relating to their business, location, family, etc., but the neglect by many to answer repeated inquiries has defeated this effort to a considerable degree.

In each instance there is given, as far as space would permit, the pertinent information obtained from the member himself, from past directories or from general catalog records of the University, reliance being placed on these authorities, which in some instances may be erroneous. It is intended that the book contain the names of every member of the class as the roster stood in June 1896 according to the information obtained as herein indicated, including some whose degrees were conferred later and some that the general records of the University do not show as having received the degree of Bachelor of Law. There may be errors in this regard but we did not feel at liberty to add any

Dept. of Min. & Geol. - 16-11-53

name or drop any name from the lists we have mentioned.

Where death is known to have occurred, it is shown and when the time and place of death is known, it is also shown. In many instances only the last known postoffice address is shown but in almost every instance, letters to that address were not returned, hence we assume they were received and answer was merely neglected. When no other occupation is given, it is presumed that the party is engaged in the practice of law. Where there is a star (\*) before a name, it means that the address is not guaranteed—mail sent to the address given has not been returned. The variation in the data is due to variation in the replies sent by members of the class, most of whom made them all too short.

Thirty-five years plus the twenty odd which represented our ages in 1896 brings us to the time when death takes its toll from our class roll. A number have died while this book was being compiled. Many have achieved high positions and some gained national and international fame. The press has carried the deeds of the famed ones far and wide, but here all members appear on the same common level as in college days.

It has been a pleasure to do the work of preparing this directory. Many most pleasant and interesting letters have been received and answered direct; but if any one missed his reply, let this little book express the thanks and appreciation of the compiler and every member of the class whose pleasure in recalling old times and knowing of you and yours has been increased by your kindly attention to this effort on behalf of '96 Law and well beloved Varsity.

RAYMOND A. LATTING, Secretary.  
Grand Ledge, Mich., May, 1931.

ADAMS, Joseph M.—Box 227, Oroville, Wash.; wife, Pearl Woozley, Weiser, Idaho; Children, Jean L. who has A. B. Degree and teaching in High School teaches Commercial Course and English, William M., A.
